Re: New Hampshire Medicaid DME Rate Adjustment

Dear Provider:

The purpose of this letter is to inform you about upcoming rate reductions for certain DME products. The procedure codes that are currently priced at cost plus 30% are being reduced to cost plus 10% effective with Dates of Service on or after April 1, 2010.

Please see the attached list of procedure codes affected by the rate change. At the same time we are also setting rates for procedure codes that are currently manually priced. By removing the manual pricing component, the return time for providers receiving payment will ultimately be expedited.

Should you have questions regarding the items contained within your remittance advice please contact your provider representative for assistance.

Sincerely,

A handwritten signature in cursive script that reads "Kathleen A. Dunn".

Kathleen A. Dunn, MPH  
Medicaid Director
